AUSTRIAN INDUSTRY FEARS CIVIL WAR
Socialists Oppose Proposed Foreign Control of Finance on League Plan.
RATIFICATION EXPECTED
Chancellor Has Support of All Anti-Socialist Groups in Chamber.
VIENNA, Oct. 18. (Associated Press).—Austrian capitalists are arming for civil war, says the Arbeiter Zeitung to-day, commenting on an alleged confidential circular issued to the members of the Austrian Industrial Association by the League of Nations, which in Austria ranks as the Stinnes interests in Germany.
The circular protests against a tax of 2 per cent. on payrolls for the men of the concern's private gendarmes. The social democratic steering committee at a special session passed a resolution calling for the arming of the proletariat on the ground that Bourgeois organizations are armed.
Anticipating the coming of the League of Nations Control Commission and the conferences regarding the reforms to be instituted, the Socialists, who are against the project, declare that the proposed foreign control with a pledge that the present and future Governments will carry out the league's mandates, threatens the life of the party. The conservative newspapers say the Government apparently will be able to force through its program, which will be prepared, with the participation of the party leaders, for presentation to the national assembly early in November.
Special Cable to THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.
VIENNA, Oct. 18.—Official circles are now taking it for granted that Parliament will ratify the Geneva agreement for the financial salvation of Austria, though not by a two-thirds majority. Chancellor Seipel has the firm support of all non-Socialists, who gave him a vote of confidence after a stormy session of the House when he presented the draft of the measures on which the League of Nations' plan for a loan is based.
In violent speeches the Socialists accused the Chancellor of treason and said his scheme would be smashed by the obstructionists, who are determined to defend the republic against foreign enslavement. Dr. Karl Renner, former Foreign Minister, declared that it meant not two but twenty years of foreign control. He charged that the Entente was using Austria as a cat's paw to gain commercial supremacy in the Balkans. The plan, he said, contained nothing but the country's ruin. He said that if only the bourgeois parties would accept the Socialist program of reform and lend their cooperation.
Dr. Renner indicated that the Socialists would make a determined attempt to amend the plan so as to make the arrangements possible of termination in the event of certain contingencies. One of these was if "a certain great economic factor" decided to reenter European affairs—which was understood to mean America, thus making possible a loan on more favorable terms.
The Government supporters, however, believe that these attacks are intended more to save the Socialist party's face than really to wreck the agreement, which most Austrians consider to be the only possible means of salvation. Should the Socialists insist on a two-thirds majority for the legal provisions connected with the Geneva plan, a thing which hitherto they have not demanded, then the non-Socialists would resort to a general election, which they believe would return them in sufficient strength to sweep away all opposition.

RIOTS IN VLADIVOSTOK AS SOVIET ARMY NEARS
Nikolaievsk Taken; White Leader Flees to Jap Ship.
TOKIO, Oct. 18. (Associated Press).—Disorders have broken out in Vladivostok, according to a dispatch received here. The Red army was reported October 18 to be advancing toward Vladivostok from Nikolai. Fighting between Soviet and anti-Soviet forces in the vicinity of that city was reported yesterday.
HONOLULU, Oct. 18.—According to a dispatch to the Nippon Jiji, Japanese language newspaper here, the Soviet army has captured Nikolaievsk from the White guards and is marching on Vladivostok, which is expected to fall any moment. Gen. Dietrichs, commander of the anti-Soviet forces, is reported to have taken refuge on a Japanese ship.
VLADIVOSTOK, Oct. 16.—Delayed (Associated Press).—In view of the defeat of the army of the Vladivostok anti-Soviet Government, Admiral Stark, in common here, has commandeered all steamers to take away the last of the "Whites."
DEATH TO RADIO SEEN IN FRENCH PROPOSAL
Minister of Posts Has Bill to Tax Sending Stations.
Special Cable to THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.
Paris, Oct. 18.—A death blow to radio broadcasting as far as France is concerned is seen in a bill being prepared by the Ministry of Posts and Telegraphs in an effort to provide new revenues from radio telephone users. The bill proposed to tax sending stations 100,000 francs for every 500 watts, which would make it necessary for the Eiffel Tower sending station to pay 1,500,000 francs yearly in taxes with no possibility of recovering anything from the users of receiving sets in homes or businesses.
The measure is expected to call a halt on several important groups which have been planning to send out daily programs from the Eiffel, the St. Assise and other stations, after the American method.

GEORGE EXPECTED TO BE CONSERVATIVE SENATOR
Georgia Nominee Contrast to Watson—Enemy of Klan.
Special Dispatch to THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.
Washington, D. C., Oct. 18.—Judge Walter F. George, nominated in Georgia Tuesday, will make a safe and conservative Senator, friends of Senator Harris say.
The nomination of Judge George, which is equivalent to an election, makes Senator Harris the political leader of the Democratic party in Georgia.
Judge George has no radical tendencies and his record as a public official is in direct contrast with that of the late Senator Watson. In the campaign Judge George denounced the Ku Klux Klan and kindred organizations. The 40,000 followers of Senator Watson have been left without a leader.
URUGUAYAN LOAN PLAN.
MONTVIDEO, Oct. 18.—The Government announces a project for a new loan of ten million gold pesos. The loan will be used to wipe out the deficit of the last fiscal year and carry on certain public works.

RUSSIA PLANS NAVY FOR COAST DEFENSE
Trotsky Denounces Bourgeois Tactics to League of Youth.
Special Cable to THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.
Moscow, Oct. 18.—Leon Trotsky, attended in a naval uniform, last night addressed a monster meeting of the League of Youth, which has a membership of 500,000 and has offered its services for the reorganization of the fleet. Five thousand young men and boys filled the Bolshoi Theater. Thirty of them in marine uniform were on the stage and presented arms as Trotsky entered. He announced that a small naval force would be formed for coast defense.
The young sailor who was chairman of the meeting announced Trotsky as the Minister of the Red Fleet. At the front of the stage at a long table covered with a red cloth sat a score of young sailors, the whole tableau being arranged as skillfully as if a professional theatrical manager had had a hand in it. A red embroidered naval banner was presented ceremoniously to the armed squad while the audience stood at attention and the band played the Internationale.
Trotsky said that to-morrow the bourgeois press of the world would denounce them as militarists and imperialists just as it did when they offered peace to Germany, Poland, Estonia and all the world, tore up the Czarist treaties, extended a hand of brotherhood to the East and stood by the weak and oppressed.
Trotsky in angry tones recounted how in 1920 the French fleet forced them to surrender the airplanes they had held up which were intended for Gen. Wrangel by a threat to bombard Odessa. Russia then bitterly felt the need of a few submarines, Trotsky said.

SOVIET EXPELS MANY BOURGEOIS ENEMIES
Powerful Opposition Develops Among Intellectuals.
Special Cable to THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.
PRAGUE, Oct. 18.—That a powerful bourgeois party exists in Russia, aiming to overthrow the Soviet Government, is admitted by Commissar Sinovieff, who, acting under a decree passed in September, 1918, has ordered the expulsion of more than 1,000 persons alleged to belong to the bourgeoisie.
The Moscow Government recognizes also an opposition by the intellectuals, especially professors, physicians and students. Repressive measures against the bourgeoisie, however, find but a small approving majority among the Communists, who fear to place in jeopardy any negotiations between the Soviet and the nationalistic intelligentsia.
In any further attempts at reconstruction Russia will suffer badly for having exiled or imprisoned the few remaining intellectuals, who are bound to give the control and exploitation of Russian resources to foreigners. It is believed that reprisals against the bourgeois elements are due largely to a realization of weakness.

What President Harding says about FEDERATION
"An admiration, long entertained, for the purpose and high efficiency of the philanthropic works of the Jewish race among its own people, moves me to thank you for your letter telling of the work of the Federation for the Support of Jewish Philanthropic Societies of New York City. The Jewish people in our country have always shown a particularly earnest disposition to take care of their own, as well as to help in all public causes. I trust, therefore, that the work of the Federation may continue as successful as it has been in the past."
(Signed) WARREN G. HARDING

What Governor Miller Says:
"Permit me to express my best wishes for the success of the drive which you are to start on the sixteenth. . . . A worthy cause, supported by so admirable a plan, must insure success. I say the plan is admirable because under it you secure the maximum results from the monies contributed without neglecting any worthy object. In other words, the needs of all are attended to and every dollar contributed is made to do a dollar's worth for a worthy purpose.
It is unnecessary for me to endorse the purpose of the Federation. You are serving humanity and building American character and citizenship."
(Signed) NATHAN L. MILLER

What Ex-Governor Smith says:
"It is a pleasure and duty for me to ask of the people of the City of New York their enthusiastic support for the drive you are making to raise one million dollars more for your Federation.
From my long years of service in the City and State administrations I have personal knowledge of the magnificent work which has been accomplished by the Jewish federated charities in New York City. No group of institutions could do more to relieve the distress of suffering humanity and I join with you enthusiastically in your appeal to the public. . . ."
(Signed) ALFRED E. SMITH

What Mayor Hylan says:
"I have examined with interest the literature regarding the Federation for the Support of Jewish Philanthropic Societies, and was particularly impressed with the wide scope of the beneficent work of your hospitals, child caring institutions, organizations dealing with delinquents, community centers and other charities. The appeal for the support and maintenance of these humanitarian institutions should find a ready and generous response, not limited by denominational lines.
On many occasions, I have publicly expressed my commendation of the charitable and philanthropic agencies operating in the City of New York and have made special mention of the splendid work of the Jewish enterprises so engaged. . . ."
(Signed) JOHN F. HYLAN

The CHELTON-REYNOLDS
Light Weight
Light weight shoes have always been a feature of our stock; but, this Season, we expect them to be real leaders. Excellent material and workmanship have gained them much favor. Last and Patterns exclusively our own design.

METROPOLITAN OPERA HOUSE BLDG. KNICKBOCKER BUILDING
NEW YORK

The lowest cost per mile
"I like a nice running piece of machinery. There seems to be a positive cooperation and coordination of all the parts of the car. Its ease of riding and smoothness of operation makes me think of the Giant in the field. . . . To say that I am satisfied is putting it mildly. Frankly, I am enthusiastic. It rides well, it handles beautifully, it is economical in its upkeep and fuel consumption, and I have no hesitancy to say that if I were buying another car tomorrow, my choice would be a Marmon."
John F. McLean
MARMON'S analysis of maintenance costs for cars of the 1922 series proved that the average cost for New York owners was \$4.35 per month. These figures were based on all the expenses required to minimize depreciation and to hold the car at the height of its perfection.
The new Marmon feature—Standardized Service, is the greatest satisfaction to Marmon owners because it removes all uncertainty about subsequent costs. When a recent series car comes into the Marmon service station the owner knows in advance the exact cost of the job, and the precise time that it will require.
A Marmon is the most satisfactory car to own.

Electrify the Home!
A BELL ringing transformer may be used in connection with United Service for all of the bell ringing requirements of the home. It supplants the use of batteries, saves their expense and the annoyance of changing them when they become exhausted. The cost of installing this device when you wire and the current used, is negligible in comparison with the benefits you will derive from its use.
Our special home wiring plan will interest every non-user of electric service. Your electrical contractor, or any of our representatives, will gladly explain it to you in detail. Telephone Stuyvesant 4960.

Armstrong's Linoleum
for Every Floor in the House
In this beauty shop the floor is Armstrong's Jaspé Linoleum
THIS picture shows part of the George Kramer Beauty Shop in New York City.
The linoleum floor of this shop was selected for two important reasons: first, the practical utility of a linoleum floor and, second, the value of linoleum as a decorative element.
A linoleum floor, when cemented down over a lining of builder's deadening felt, is permanent. Such a floor is also smooth, quiet, restful to the tread, and waterproof. Linoleum is easily cleaned and requires little care. An occasional waxing and polishing keeps it looking fresh and new.
In addition to these qualities, the colorings and patterns in which Armstrong's Linoleum is made afford an unusual opportunity for the exercise of individual taste in selecting and suiting the floor to the character of the business.
Besides several plain colors, Armstrong's Linoleum is made in Jaspé or two-tone effects and in a number of designs, including parquet inlays and tile inlays.
If you are interested in new floors or replacing old ones in an office, store, or any public or semi-public building, consult your architect, contractor or any good linoleum merchant about Armstrong's Linoleum. Our 48-page booklet, "Business Floors," free on request, contains data and specifications for laying linoleum over concrete or wood.
